

## **Terra Rotary Student of the Month – Allison Gainok**

April's Rotary Student of the Month is a highly motivated and accomplished nursing student. Check out Allison Gainok's awards, her grades and her willingness to help others, and it's easy to predict that she will soon be a highly motivated and accomplished nurse.

Allison, a product of Vista Maria High School in Dearborn, Mich., will graduate, cum laude, May 8 from Terra Community College with an Associate of Applied Science in Nursing. She is a regular on Terra's Dean's List and has been on the National Dean's List twice.

The nursing program at Terra is arguably the most intense on campus, but rather than worrying only about herself, Allison was one of several second-year students to reach out to the younger students.

"Allison has spent time in helping set up a mentoring program for first-year nursing students," said Sister Patricia Carter, an assistant professor in nursing and the one who nominated Allison for the Rotary award.

"She is a true leader and spends extra time with students who need tutoring. Allison developed PowerPoint presentations to help other students. Her moral and ethical character comes out in her help for and judgment of others. She always sees the good in others."

Allison, who also serves as the vice president of the Terra Student Nurses Association, has already accepted a position at the new Physician's Choice Hospital in Fremont. She plans to work toward bachelor's and master's degrees in nursing.

In her spare time, Allison likes to garden, go fishing and spend time with family and friends. She and her husband, Mark, live in Monroeville.

**Congratulations to Allison Gainok, Terra's Rotary Student of the Month for April.**
