THE PARANORMAL AGENDA
Everybody knows something! We’ve all had an experience at least once in our lives that has forced us to question what we saw, felt, or encountered. These events often lead us to the conclusion that we are not alone! There is more going on around us than logic and common sense can explain. We call it, The Paranormal. Join us as we take you on a tour of the unknown. We’ll look at the early historical trends, as well as the evolution of attitudes toward the supernatural. We’ll even talk about what you have been led to believe is true. THEN, WE’LL TELL YOU THE TRUTH. Get ready! We’ll cover ghosts, cryptids, communication with the dead, conspiracies, cover-ups, aliens and UFOs. We’ll even share our own personal encounters that have kept our interest and hope alive. Hope, that is, that we are not alone!

A Stock Study Investment Club
Come, join us to experience first-hand how an investment club works. We will show how to choose quality growth stocks, set up a diversified portfolio, study companies by reviewing Stock Study Guides, and learn how to keep records of earnings, dividends, and profits. This club will operate without any real money, but will illustrate club operations by demonstrating all of the tools in action. We will be following the Better Investing principles and guidelines and using the MyICLUB online club accounting program.

The group will elect officers, choose stocks, give reports, keep records, and enjoy the fun of “making money” on companies that promote our favorite things: food, beverages, technology, entertainment, transportation, and many other sectors.

Although the club will make specific buy and sell decisions in a meeting, these are not to be taken as recommendations for attendees to invest in personally.

Individuals may have different risk tolerances, diversification needs, or income needs, so investors should always do their own research and analysis to determine if an investment is right for them and their portfolio. Your leaders are members of the Gold Diggers Investment Club that was organized in 1987 in the Fremont area. All ages are welcome.

**Hatha Yoga**
Our essential theme for our Hatha Yoga program is to familiarize the participant with the fundamental postures. Such postures include simple forward bends, twists, standing asanas, and basic breathing and relaxation techniques. With careful attention to correct form, the introduction of new postures, and repetition of learned postures with variations, the participant will gain the foundation necessary for a solid yoga practice. Participants will increase flexibility, strengthen, tone, and revitalize their body. Yoga postures and breath-work improve insomnia, reduce stress, help digestion, and reduce back and joint pain. Please bring your own yoga mat. **Mix & Match**

Monsters...They're Universal!
We all remember the classic black and white monster movies of the 30's, 40's and 50's! They were made possible by the pioneering efforts of Universal Studios. The actors who brought them to life and playfully invaded our nightmares became legends, frozen in time. Actors like Bela Lugosi, Boris Karloff, Claude Raines, Lon Chaney, Jr., and Ricou Browning, just to name a few. We think it's time to revisit this enchanted black and white world of forgotten souls. A world locked away in our memories where we are forever young. We'll begin with the first Universal Monster hit, DRACULA. We'll give you the back story of the novel, an early attempt to film it, movie trivia, and little known facts about Bela Lugosi. THEN...WE'LL WATCH UNIVERSAL'S DRACULA...we may even serve popcorn! Now, we understand that this class is being held rather late in the day, but honestly, what better time to talk about vampires?

The Bee Gees!
Come journey with us as our musical time machine takes us back to 1958, and the beginning of one of the most successful family groups in music history, the Brothers Gibb. We know them as the fantastic Bee Gees. Their recording career spanned over 40 years and they have sold over 220 million in album sales. Sadly, untimely deaths have reduced this amazing family trio to just one, however, their music is timeless to those of us who played their music, danced to their music, and watched their performances. Doesn't their classic "Stayin Alive" make you want to just get up and disco? Still have your leisure suit? And what about "How Deep is your Love" and "How do you mend a Brocken Heart?" what wonderful memories we will have as we listen to these and many more unforgettable hits! If you attend this fun class, impress us all and wear your period clothing! Maybe you can do "Jive Talkin"!
