

Student Introduction to Course Access in Angel

for use with

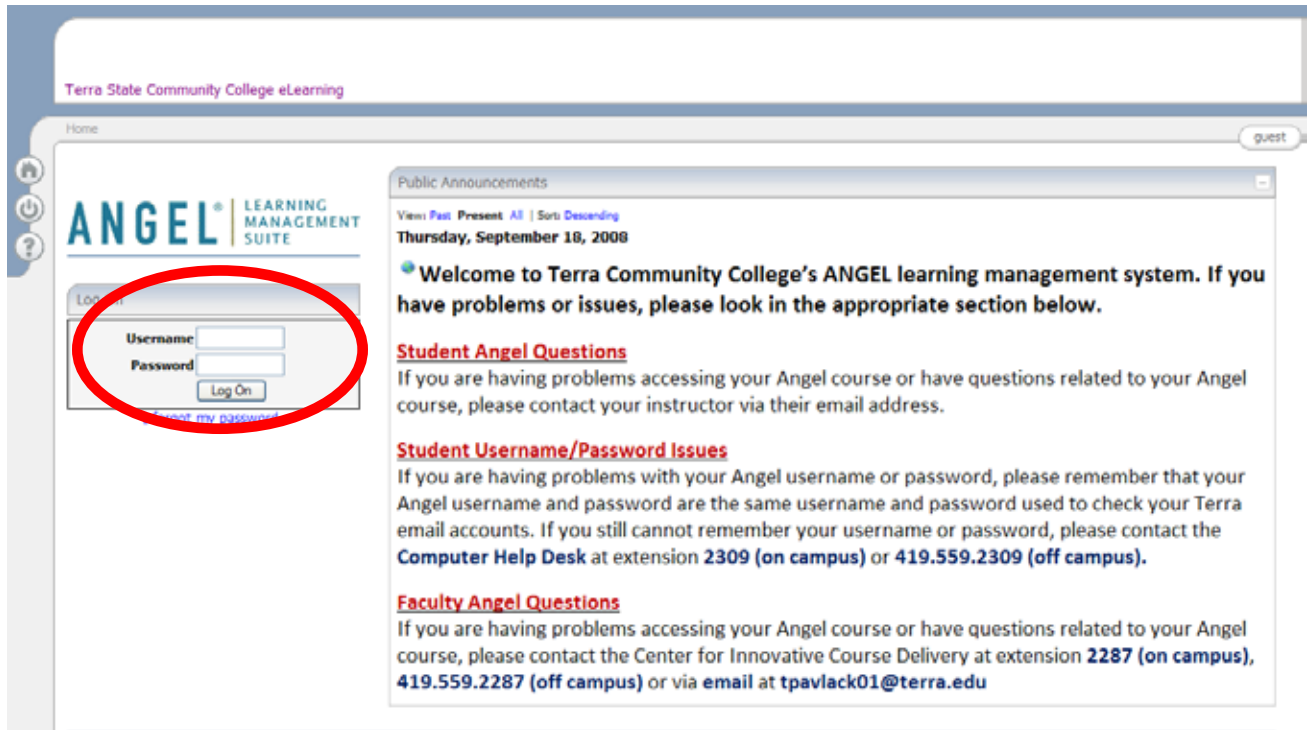

Students should use this tutorial to:

- 1. Learn how to log into their course via the Angel LMS.**
- 2. Get a description of what each of the tabs in Angel mean.**
- 3. Learn how to access the course syllabus.**

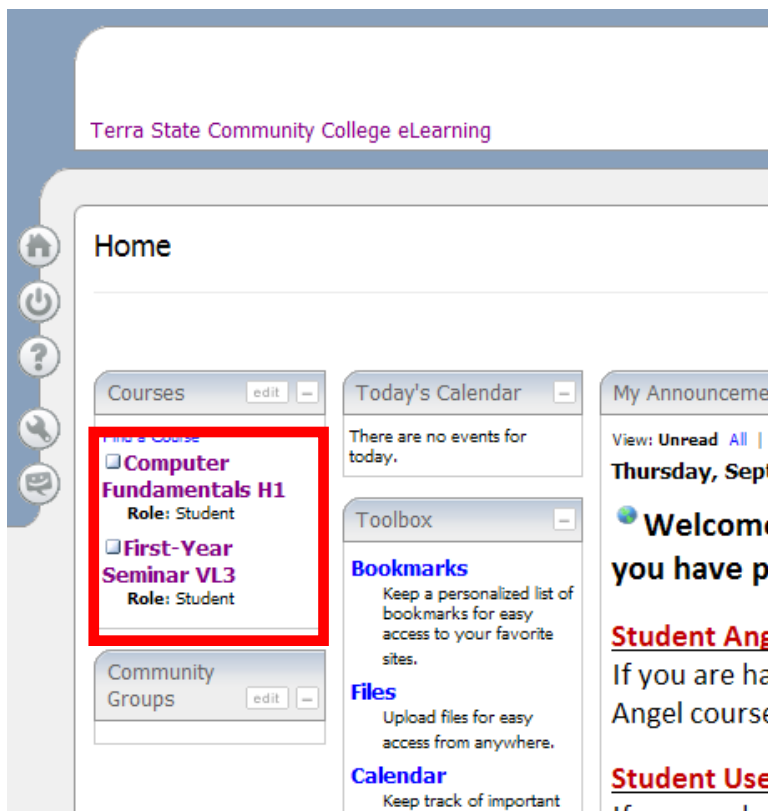

1

Logon to the Angel MyCourse Portal at <http://my.terra.edu/elearning>. Alternatively, you can access the link to the Angel MyCourse Portal from the my.terra.edu page. If you cannot remember your password or do not have one set up, please contact the Computer Held Desk at 559.2309

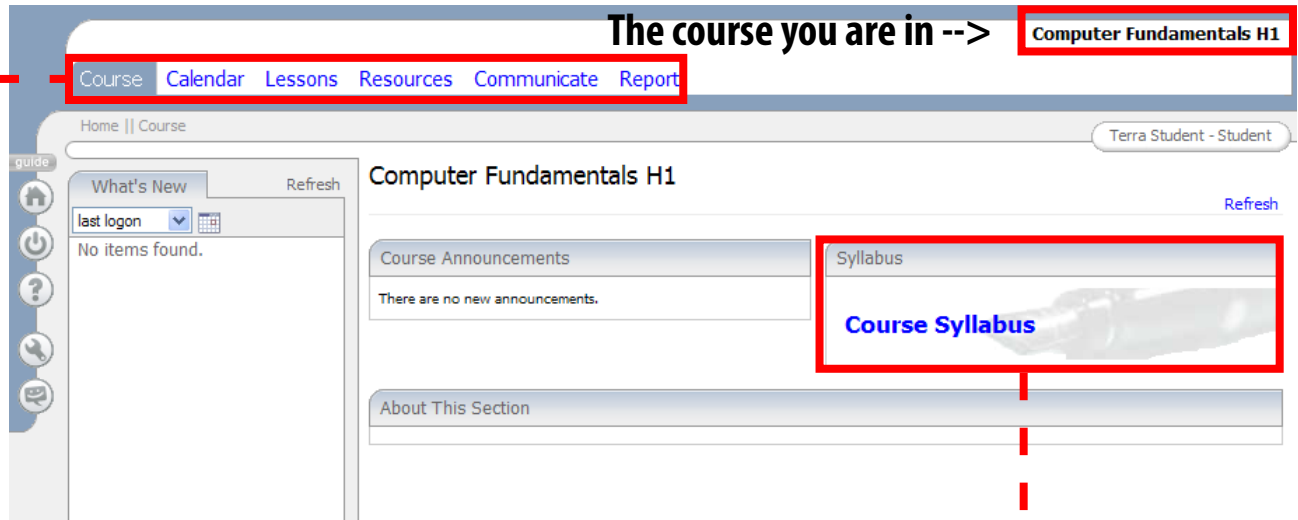

2

Select the course you wish to log into from the list underneath your My Courses nugget

3

Once you login to your course, you will be at the course home page. Please see the image below for a detailed description of each feature of the course home page.

Click here to access your course's syllabus (if applicable)

Course Calendar Lessons Resources Communicate Report

This is called the tab bar. Each of these tabs has a purpose, described below.

Course - Clicking on this tab will bring you back to the course homepage, shown above.

Calendar - Clicking on this tab will show you the course calendar.

Lessons - This tab allows you to see all of the content loaded into the course.

Resources - Access institutional resources through this tab. Another copy of the course syllabus is also located in this tab.

Communicate - Access course mail specific to your individual course

Report - Run user generated reports, such as a grade report, using this tab.

***If you have any questions regarding Angel, please contact your course instructor for further clarification.**
