Dear President Schumacher,

The initial accreditation status of the Certificate medical assisting program at Terra State Community College (Fremont, Ohio) ends on September 30, 2022. At the current time, you have addressed all the citations from your initial accreditation on-site survey, if there were any, and have submitted an acceptable 2021 Annual Report.

The Medical Assisting Education Review Board (MAERB) has reviewed the status of the medical assisting program. As the program has no outstanding citations and a satisfactory 2021 Annual Report, the MAERB is prepared to forward to the Commission on Accreditation of Allied Health Education Programs (CAAHEP) a recommendation for continuing accreditation, with the next comprehensive review to be scheduled no later than fall 2026.

If you wish for the program to remain CAAHEP accredited, please complete and submit the CAAHEP Request for Accreditation Services online, which is found at [www.caahep.org](http://www.caahep.org), by going to "Program Directors" and then "Request for Accreditation Services" no later than June 10, 2022. No fee is required with this application.

If you have questions, please feel free to contact the MAERB at 1.312.392.0155.

Sincerely,

Karon G. Walton, CMA (AAMA), MEd, MAERB Chair
