Free Tutoring!

Need some extra help with a class, assignment or project? There are two ways to get that added assistance: in-person or online. And they are both free!

If you are in need of academic assistance and you prefer a one-on-one approach, the Terra State Community College Academic Service Center offers tutoring on a daily basis in B-105. Each day of the week focuses on a wide variety of subjects. Schedule a time or be welcomed as a walk-in. Hours are:

Monday	8:00a.m. - 7:00p.m.
Tuesday	8:00a.m. - 5:00p.m.
Wednesday	8:00a.m. - 5:00p.m.
Thursday	8:00a.m. - 7:00p.m.
Friday	8:00a.m. - 4:00p.m.

For further details, stop by the Academic Service Center or call 419.559.2109.

If you are looking for an online solution for tutoring, Terra State Community College is now partnering with the Ohio eTutoring Collaborative to provide free online tutoring to Terra State students? Subjects include Algebra, Anatomy and Physiology, Calculus, Chemistry Math and more. To get started visit estudentservices.org/etut-schools.

Rotary Student of the Month

Matt Kaiser is the Fremont Rotary Student of the Month for April. He is in his second year at Terra State Community College majoring in Mechanical Engineering Technology.

Matt chose to attend Terra State because of its proximity and reputation. "I know a couple of friends who attended and got good jobs," Matt says. "Plus it is close to my home in Oak Harbor."

Matt went to Oak Harbor High School then enlisted in the U.S. Marine Corps. He served six and a half years and was deployed as a combat engineer for three of those years in Afghanistan. Matt explains, "I constructed living quarters, performed road clearance and swept for IED's (improvised explosive device)." Kaiser retired from the Marines in 2011 at the rank of sergeant and was awarded the Purple Heart.

When asked what he likes best about Terra State, Matt immediately said his skilled trades classes. "Milling, sheet design, math...", continues Matt. "I would like to work in the auto industry after I graduate. I want to design parts and machinery."

Matt continues to live in Oak Harbor with his wife, Samantha. He has two children, daughter Kyndall and son Kane. In his free time, Matt enjoys doing anything outdoors. Hunting, fishing, playing golf are his main hobbies.

Walk with NAMI

Approximately 1 in 5 adults in the U.S. experiences mental illness in a given year. That's 18.5% of the total population. The National Alliance of Mental Illness (NAMI) works to alleviate the stigma of mental illness. You can work, too, by joining the Terra State Community College team in the 2017 John Van Der Laar Walk with NAMI. On Saturday, April 29 at Fremont's Connor Park, supporters will be on hand from Seneca, Sandusky and Wyandot Counties walking to raise funds and show their support for the great work NAMI is doing. To join in contact Dori Dalton at ddalton01@terra.edu or 419.559.2342 or Heath Martin at hmartin01@terra.edu or 419.559.2350.

Spring Fling

Terra State Community College's Health Information Technology Student Organization invites you to join in the fun of Spring Fling on Thursday, April 27 from 11a.m. to 1p.m. in the Courtyard. Games, karaoke and lunch for students, faculty and staff at no cost! In the event of inclement weather, Spring Fling will be held in the Student Activity Center.
